«This is one of those incandescent love stories. A fiery love in a burning world. A story of passion in a forrest signed by tears running down its cheeks. A cry for love when nothing holds together anymore.
Emerged from deep sadness.
A damaged love in a damaged world.
These are the politics of melancholy through the ass.»

Born in Strasbourg Arthur Heck (b. 2000) is a visual artist based in Zürich traversing the entanglements of intimacy, social condition, and sexuality in his work. Rooted in a working-class upbringing Heck's visual production reflects a necessity of escape and a state of emergency musing over the relation between body and changes in space.

The FOMO Art Space curatorial approach is based on the belief that contemporary art can serve not only as a visual experience, but also as a catalyst for social interaction and community movement. FOMO is designed as a lively, interactive space in which art cannot only be viewed, but actively experienced. We invite the audience to question traditional art concepts through active participation.

Our exhibitions function as an experimental field in which the barriers between artists, artworks and viewers dissolve. A dynamic, relational space is created that sees art as a way of opening up possibilities in exchange and in shaping communities.

The annual program is characterized by four focus exhibitions, each of which has a specific subject. Between these highlights, solo and double exhibitions ensure continued diversity and dynamics.
